ABOUT ME

SUMMARY

As a seasoned front-end developer with 2 years of hands-on experience, I currently lead dynamic teams at Intellixsoft in Bahawalpur, driving innovation and excellence across various high-impact projects. My technical foundation is rooted in HTML, CSS, JavaScript, and advanced frameworks like Tailwind CSS, Bootstrap, and React.js. These skills empower me to craft visually engaging, highly functional applications tailored to modern user needs.

EXPERIENCE :

From 02/10/2025 **To** 31/03/2026 **As Junior Web Developer**

IntellixSoft :

- Created and maintained responsive web pages using HTML, CSS, Bootstrap, and JavaScript
- Collaborated closely with senior developers to implement new features and resolve bugs
- Participated in team meetings and code reviews to enhance project development
- Engaged in continuous learning to improve web development skills

From 05/10/2026 **To** 31/01/2026 **As Senior Front-End Developer**

MarkDev :

- As a front-end developer and team leader at MarkDev., I guide the web team in crafting responsive, user-focused applications.
- My expertise in HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, and React.js, combined with strong leadership skills, enables me to drive high-quality, innovative digital solutions.
